Company Overview

Solutions for a World under Pressure
Since 1997, America’s most rugged industries have relied on over 60 years of HAWE Hydraulik’s dependable German engineering and experience to help them build equipment with extremely robust hydraulic systems.

Known as a leader manufacturer of high quality components, HAWE Hydraulik, North America serves as an ISO 9001:2015 certified international supplier to the mobile, industrial and oilfield market place.

When you see construction and fire trucks, lifting platforms, cranes, and drilling rigs to name only a few, you could be watching HAWE in action as more and more equipment manufacturers are finding out about the benefits of our hydraulic systems.

### Key Applications Fields

#### Energy
- Wind power
- Solar power
- Water power
- Geothermics
- High Power Distribution

#### Infrastructure
- Construction machines
- Civil engineering
- Railway equipment
- Crane and handling systems

#### Manufacturing Efficiency
- Construction machines
- Civil engineering
- Railway equipment
- Crane and handling systems

#### Nutrition & Nature
- Food processing
- Medical equipment
- Agricultural and forestry equipment

#### Resources
- Mining equipment
- Oil & gas field exploration

### Product Features

Compact, energy-efficient and durable products:
- Consistent use of steel on all pressurized parts
- Components designed for high pressures
- Compact builds (minimized installation space)
- Zero leakage and/or controlled leakage
- Permission for special usage conditions (e.g. ATEX, KBA, CE, FM, MSHA)
- Product portfolio in a modular system
- Customized system solutions
# Product Portfolio

## Pumps

**Hydraulic Pumps & Power Units**
- Radial piston pumps
- Two-stage pumps
- Gear and hand pumps
- Air-driven hydraulic pumps
- Axial piston pumps and engines

## Valves

**Pressure Valves**
- Pressure limiting valves
- Pressure control valves
- Proportional pressure limiting
- Two-stage valves
- Shut-off valves
- Over-center valves

**Check Valves**
- Check valves with/without hydraulic release
- Pre-fill and shuttle valves
- Line rupture protection valves
- Clamping cylinders

**Directional Control Valves**
- Zero-leak directional poppet valves
- Directional spool valves with/without proportional control

**Flow Control Valves**
- Throttles, regulating valves
- Control valves
- Proportional control valves
- Flow Dividers

## Accessories & Cylinders

- Pressure switches and sensors
- Pressure accumulators
- Clamping cylinders

## Electronics

- Electronic amplifiers
- Economy circuits
- Programmable control systems
HAWE - Charlotte
9009-K Perimeter Woods Dr. | Charlotte, NC | 28216
Tel 704-509-1599 | info@hawehydraulics.com | HAWE.com

HAWE - Portland
12990 S.E. Hwy 212 | Clackamas, OR | 97015
Tel 503-222-3295 | info@hawehydraulics.com | HAWE.com

HAWE - Houston
10920 West Sam Houston Pkwy N. | Suite 700 | Houston, TX | 77064
Tel 713-300-3260 | info@hawehydraulics.com | HAWE.com
